FLOWER TO STUMP THE STATE.

Speeches from a Private Car In Many Towns and Villages.

It was rumored about Democratic State headquarters late this afternoon that assurances had been received that President Cleveland would within the next few days write a letter, calling attention to the necessity of electing Democratic Congressmen, and, inferen-tially urging Democrats to vote the whole Democratic ticket. This statement is said to have been

made by the managers of Everett P. Wheeler's campaign, who tried all in their power to prevent Cleveland from taking such a step. It was admitted by two of them at least that the letter had actually been decided upon. It is known that President Cleveland

There were three subjects which caused considerably discussion at Democratic State headquarters this morning. First, the extraordinary work that Senator Hili is doing, making one, two and some-times three speeches every day. Second, the visit of President Cleveland to this is doing, making one, two and sometimes three speeches every day. Second. the visit of President Cleveland to this city and his snub of Mr. Hill and the whole State ticket; and, thirdly, the fact that Gov. Roswell P. "Our offer is a plain one. The fight must be held in the morning, and in case the date selected should prove a cloudy day, we will ask for a postponement until a clear day. However, we will be able to name a date during the dry season, which will answer our purpose, for in this season the odds are to to 1 that any day will be suitable.

"We want the fight before Nov. 1, 1885, and will give \$50,000 for it. The entire amount will be deposited in any bank agreed upon by you two months before the date set for the contest, or earlier if necessary, or, we are willing to put the purse in the hands of Mr. Philip J. "We are enabled to offer this amount of money without depending upon the gate receipts, because while a good many tickets of admission will be sold, that is entirely an after consideration with us. Senator Hill has left the city. Accompanied by his private secretary and one or two others, he started for the Grand Central Station at 9 o'clock iths morning Haif an hour later he was on his way to Oswero. He will deliver speeches every day from now until election, seeking at a different place each day.

Gov. Flower's offer to start out on a regular stumping tour came in the nature of a surprise. His Secretary, col. "Tim" Williams, dropped in on Chairmann Thacher for a few moments this morning armed with tt. Governor's authority to have a speaking tour arranged for him.

The plan as outlined is that he will hire a special train and go through as many towns and hamlets of the State as possible.

He will get off at every station platform, and will go even one better than McKinley. He may make as many as a dozen or more speeches in a day. The fitnerary has not yet been fully arranged, but he will probably start out by Monday or Tuesday next.

should conclude to withdraw its bid we propose to make you an offer which will certainly demand consideration.

This offer would have been made at the time the several clubs were bidding for the championship contest, but for the fact that we were not then in a position to enter the competition, for the reason that we had learned nothing from our Mexican agent, and again, because the experiments at three-minute subjects with the kinetograph had not proven entirely successful.

Now, however, we shall not only be able to take each three-minute round of the fight, but also the action of the seconds, and during the one-minute rest between the rounds. We have advice from our Mexican agent which is most favorable. There can be no interference with the fight, and he is assured by the authorities that everythming will be done to protect those engaged in the contest, as well as those who go to Mexico to see it.

Mr. Goff finally accepted the answer that the witness was mistaken when the used the word 'influence' yesterday in connection with the court-house deal.

"I didn't know what Mr. Kelly wanted me to do He simply retained me," said Mr. Sheehan, who got angry again when Mr. Goff pressed the question as to what influence the witness was expected to use in return for his retainer.

"I understood that you had questions to ask me about alleged bribery and corruption in the Police Department," he said, with a rising intonation in his yoles, "and" I am here to answer such questions and no others, so now go ahead.

"Haven't you been consulting and advising with your brother, the Licutenant-Governor, this morning?"

"I talked with him, yes."

"And you are looking at him now."

"No. I'm looking at vou."

Senator Cantor said he could see no objection in the witness looking at his brother or any one else.

"But I object to the witness receiving consolation, comfort or suggestion from any one in this room," declared Mr. Goff, "and he keeps looking at his brother all the time." Lient.-Gov Sheehan Excited.

Commissioner Sheeham Excited.

Commissioner Sheeham said he could not prevent his eyes from wandering occasionally. Lieut.-Gov. Sheehan, who was sitting to me side of Mr. Goff, rose at this point and said if there was any objection to his presence he would retire. Things were getting hot, and both the vitness and his brother were showing signs of wrath.

"Oh, no, Governor." said Chairman Lexow. "remain where you are. There is not the slightest objection."

"I only want the witness to look at me," explained Mr. Goff.

Then going back to the Long Island City contracts, Mr. Goff asked if it was not the custom to make a tender of 10 per cent. on all bids when they were put in.

"I believe it was," assented Mr. Sheehan.

"Didn't you put the figures \$5.000 on."

"I believe it was," assented Mr. Bhee-han.
"Didn't you put the figures 55,000 on the envelope containing your tender for the Hoyt avenue sewer contract?"
"I don't know. Mr. O'Brien attended to all the business. I don't see what difference it would make if the figures were there."
"Wouldr't it be possible to compute the amount of the bid from the sum of money tendered?"
"It might be."
Mr. Ooff then read from a paper containing an account of some contracts awarded to the John C. Sheehan Company for building sewers in Long Island City. The smount of the contract was \$236,000. The sureties offered by Mr. Sheehan and Mr. O'Brien on this contract were the American Surety Company. They were rejected at first, but were afterwards, at the second letting, accepted.

Mr. Sheehae assented to this, but wanted to explain. Mr. Goff would not let him and he became very much ex-cited. He ant Mr. Goff began taffting at the same time, while the Chairman was hammering on the desk with his

How About This, Mr. Sheehan!

term expired. He denied, however, that, as a member of the Tammany Executive Committee, he could have had any influence with the Mayor in securing Mr. MacLean's reappointment.

"Were you the leader of the business or the political end in your district?" asked Mr. G. ff.

a Police Commission without consulting me," he said.

Commissioner Sheehan denied very emphatically again and again that he had ever sent a message to Thomas C. Platt by Mr. Reilly, asking him to use his influence to secure the appointment of Inspector Williams as Police Commissioner in Mr. MacLean's place.

"There is not the slightest ground for such a story. I never sent a message to Mr. Platt in my life, and any one who says I did lies," said the witness hotly, "But didn't you say that you would like to see Inspector Williams appointed to the place?"

"Yes, I may have said so. In fact, I think I did say to several persons that I thought Inspector Williams would make a good Commissioner if a Republican was to be appointed."

"Oh, you will admit that?" said Mr. Goff.

He Did Paver Williams

"Yes, and I said so because I thought he would be a good man for the place. He is the finest officer on the force; an upright, honest man, and no fakir."

"Didn't the fact that his brother on the Long Island City Improvement Commission always voted for your contracts have something to do with your high opinion of the Inspector's qualifications for a Commissioner?"

"No, sir; I don't care that for his brother," and the Commissioner snapped his fingers contemptuously. "He never did me a cent's worth of good in my life. I was in favor of the Inspector aimply on his merits and his record."

"You have read that the Inspector has become very wealthy while receiving the salary of a Police Captain?" Inquired Mr. Goff.

"Yes." assented Mr. Sheehan.

"Have you not heard of his repeated acts of brutality towards citizens, and that he earned the name of 'Clubber' Williams?"

"Yes. I think I have read so in the papers."

"And have you not read that the Tenderloin was the most corrupt spot in the city, while he was in command there?"
